

WILLSON 
OAKVILLE
FILM FESTIVAL

JUNE 20-23!

2019 FESTIVAL PROGRAMME

OFFA | OAKVILLE
FESTIVALS
OF FILM & ART

A message from the Board of Directors

Welcome to the sixth annual Willson Oakville Film Festival! The festival has become an Oakville cultural institution that brings the best local, Canadian, and international film, as well as filmmakers, actors, musicians, and other artists here to Oakville to celebrate the transcendental power of film, and the arts.

We continue to explore themes related to the resilience of the human spirit, while touching on important topical and social issues, such as women's and Indigenous issues, ageism, conservation, propaganda, and human trafficking. We have a record number of features, documentaries, and short films this year, as well as more filmmakers, panels, and Q&As than ever before. Our new Thursday night Gala, *Women Who Give*, recognizes the power of women to enact positive change in the world, through volunteerism, philanthropy, and dedication, inviting men and women alike to celebrate the strength and resilience of women the world over.

Film continues to be our passion, one that we want to share with you. We encourage you to be inspired, transported, entertained, and encouraged to take action on issues that impact our community.

We want to extend a special note of gratitude to Peter Willson and Willson International, whose continuing support over the past four years has been instrumental in our success. Thank you to Peter and to all of our corporate and government grant partners — we could not have done it without you!
